

To Be a Christian

Write out all your responses. This will help you think through it.

As a group, go around the room and allow each person to choose one of the questions he/she would like to share with the group. As time allows, keep going around the room, selecting more questions from group members.

Why do you call yourself a Christian?

How did you come to be a Christian?

Who or what has been the single most important influence in your Christian life?

What has been the most important truth about God in shaping your Christian life?

What urges to grow do you feel?

What anxieties, questions, or resistance do you feel in relationship to growth in your life with God?

From *Making Disciples, Making Leaders*, Steven P. Eason, E. Von Clemans
